NEW YORK RIOT

Five Thousand Unemployed Hebrews Cause Trouble.

They Batter Down the Doors and Windows of a Hall.

Rejoiced by the Police, Who Use Their Clubs Against the Rioters.

Arrested and the Best Fined \$7,000.

NEW YORK, Aug. 15.—Five thousand unemployed Hebrews gathered Thursday morning around the International Labor exchange, 337 East Tenth street. The meeting room holds only 300. Some one shouted "Get another hall," and the crowd surged out into the street. Outside the cry was taken up. The whole contingent swarmed down First avenue and through several side streets until they reached Walla hall, at Nos. 48 and 50 Orchard street. The doors were closed. They were quickly forced open, and the windows smashed with their paving stones. The police summoned the reserves from the East Fifth street station. The police cleared the hall and arrested three men.

The three men arrested were arranged in the Essex Market court in the afternoon and discharged. When the call reserves came to the Bridge Street station Capt. Devery hurried around with five men. He found Orchard street packed for blocks with excited men. The captain placed himself in front of his men and, baton in hand, made a rush. Slowly and with infinite difficulty the blue coats fought their way through the mob.

They then forced themselves into the hall, which was literally packed. He ordered the crowd to disperse. The crowd refused to budge. Joseph Barondes, who was present urged them to go out quietly, but no one heeded him. The police were forced to leave their possession of the hall while they took three prisoners to the station house.

In the afternoon Capt. Devery returned with a dozen men. He entered the hall and ordered the crowd to leave. A scene of wild confusion followed. The men became enraged and began to wreck the place. Chairs were hurled at the windows. Gas fixtures were pulled down. A glass partition in the rear room was smashed. At least a dozen men mounted a hand organ piano in the corner and jumped on the lid until it was ruined. The crowd surged from one end to the other seeking an egress.

The police could not force their way in at first. Forming themselves into a wedge, they rushed at the doors. The doors were torn from their hinges. The crowd swept through the barroom out into the street. The men lost their heads completely and became ringleaders and the rest fled in every direction. The men went out in the confusion and carried off a large quantity of the trouble having spread all over the east side, brought vast crowds to the scene. They were kept out of Orchard street by a cordon of police.

The reserves of the fourth, seventh, tenth, fourteenth and eighteenth precincts were called out. When they arrived on the scene the crowds were over-awed by numbers. All the prisoners arrested in the afternoon were taken to the Essex market court and remained until Friday.

A Failure at Delancey.

DUKE, N. J., Aug. 15.—The First National bank of this city suspended Thursday morning. It was one of the oldest institutions in the city and had a capital of \$200,000. The last statement showed deposits of all kinds amounting to \$350,890. The cause of the failure is the continuing withdrawal of deposits which were understood to be mostly by country banks.

Dr. Jenkins' Report.

NEW YORK, Aug. 15.—Dr. Jenkins Thursday night, stated that the health of the passengers detained at quarantine continues good. There are no new cases among the immigrants. If there are no new developments found during Friday morning's examinations, Dr. Jenkins will feel satisfied that all infection has been destroyed.

Lambertville, N. J., Aug. 15.—The dry weather is becoming a very serious affair in this vicinity. No rain, except a few light showers, has fallen here since May last. The Delaware river and above Lambertville and New Hope, and at any point above here, is so low that a person can wade across it. The river has not been so low since 1861.

IN DESPAIR.

Without Money, Without Work,
Without Hope,
With Lingering Starvation Staring
Them in the Face,

Three Men Made One Another Last Pa-
reils, and With Locked Arms, Leaped
Toward Eternity—Terrible Struggle
in the Water With Harbor Police.

MONTREAL, Que., Aug. 18.—Without
money, without work, without hope,
standing face to face with starvation in
a strange city, William Jefferson, Wil-
liam O'Reilly and Michael Stark, na-
tives of the United States, determined
to end all earthly ills early Thursday
morning, and bidding each other good-
bye, their arms locked together, the trio
jumped into the St. Lawrence where its
deadly current was strongest.

It was a thrillingly dramatic attempt
at suicide, the like of which, even in
this city, was never recorded before.
It was also a sad commentary on the
boasted charity of Montreal that three
strange men should seek eternity, de-
spite the desperate by the harbor police
of food. The tragic incident was wit-
nessed by hundreds on the wharves,
among others by Constables Hackett
and Murray, of the Harbor police
squad, who at once hurried in a boat to
save from themselves these three vic-
tims of grim desperation. The men
were all good swimmers, but even the
rapid river, so swiftly bearing them to
death, brought no fear, for, resolutely
clamped in each other's arms, they
made no effort to save themselves, but
awaited the end. The police boat
reached the unfortunate as they were
sinking for the third time, and they
began the most desperate struggle ever
witnessed in Montreal harbor between
the officers and suicides—the one to
rescue, the others to carry out their
terrible intentions. Three times did
the officers drag O'Reilly and Jefferson
out, overcome and rescued them, but
poor Stark found the bottom in the
depths of the rapidly rolling river.
The body has not been recovered,
nor is it likely to be. The res-
cued are held to answer a charge of at-
tempted suicide.

IMMIGRANT INSPECTION.

Officials to Make a Tour of the Northern
Borders of the United States.
WASHINGTON, Aug. 18.—Supt. Stump,
accompanied by Inspector of Immigra-
tion Sener, of New York, will shortly
make a tour of the northern borders of
the United States for the purpose of
strengthening the inspection of immig-
rants coming in from Canada. They
will go over the entire line from New
Brunswick to the lakes, and will inter-
view the Canadian customs officials at
Quebec and other points. It is superin-
tending Stump's intention to have the
immigrants coming from Canada in-
spected at certain points. He has in-
dicated Buffalo, Detroit, Port Huron and
some other place on the St. Lawrence as the
best places for inspection of immig-
rants, and the force of immigrant in-
spection will be increased at these
places.

JOHN CUDAHY.

He and His Brothers Agree to Pay His
Indebtedness in Full in Five Years.

CINCINNATI, Aug. 18.—The indebtedness
of John Cudahy was practically settled
Thursday morning, and an arrange-
ment was perfected which assures to
his creditors a settlement at the rate of
100 cents on every dollar of the indebt-
edness contracted by him in the col-
lapse of the recent pork deal. Mr. Cu-
dahy's total indebtedness is about \$1,
000,000, and he has placed in the hands
of trustees real estate and collaterals
valued at \$800,000. Thursday morning
Edward A. Michael and Patrick Cui-
sky, brothers of John, came to the
rescue and promised \$100,000 a year for
five years, or practically bonding them-
selves to pay his debt.

The Condition of National Banks.

WASHINGTON, Aug. 18.—The abstract
of the reports made to the controller of
the currency showing the condition of
the national banks in the U. S., July
13, last, has been made public. In a
general way the statement shows a de-
cline from similar statements as to the
condition of national banks on May 4,
last. A comparison shows a decrease
in individual deposits of \$100,000,000,
in loans and discounts of \$100,000,000,
in specie of \$21,000,000, and in unliquid
profits of \$13,000,000.

Wants Information.

WASHINGTON, Aug. 18.—Mr. Gallinger
introduced the following resolution
Thursday: "That the committee on
pensions be directed to inquire and re-
port to the senate whether or not the
secretary of the interior with the recom-
missioner of pensions have conformed
to the provisions or existing law in sus-
pending and dropping names from the
pension rolls of the late war, and if not,
thereon." Objection was interposed on
the democratic side and the resolution
went over without action.

Cut Breckenridge to Speak.

WASHINGTON, Aug. 18.—Col. Brecken-
ridge, of Kentucky, is on Speaker
Crisa's list to speak on Monday next
on the unconstitutional repeal of the
silver purchase section of the Sherman
law. In as much as he has procured his
assignment since the Breckenridge-
Pollard scandal, was made public, it is
assumed that he will really appear.

An Old Soldier Shoots His Wife.

COLUMBUS, Ind., Aug. 18.—Cyrus
Brown, aged 50 years, killed his wife,
several miles north of here Thursday
night. He put two bullets through her
forehead. He shot her in the barn
yard where she had fled from the home
as he came after her with the revolver.
It was caused by her suit for divorce
from him. The couple had four chil-
dren. Brown is an old soldier.

The Motion Denied.

SAN FRANCISCO, Aug. 18.—Judge Levy
denied Thursday afternoon to set aside
a subpoena of the Pacific bank and to
remove receiver.

TWENTY-FIVE AT LEAST.

That Is What the Anti-Silver Congressmen

Say Will Be Their Majority.

WASHINGTON, Aug. 18.—The commit-
tee appointed by the anti-silver conven-
tion to canvass the house on the Wil-
son repeal bill held another meeting
Thursday, at which reports were re-
ceived of the progress of the bill. Mr.
Harter, of Ohio, said, after the meeting
adjourned, that the present count in-
dicated a majority of at least twenty-
five for repeal. The amendment
which is most feared by the anti-silver
men is the one providing for free coin-
age at the ratio of 30 to 1. The danger
to be apprehended at this point is the
fact that at least thirty republicans
will vote for free coinage at the above
ratio.

The canvass that is being made is en-
tirely non-partisan. Both democrats
and republicans are asked to give as-
surance of their position. The New
York delegation, thirty-four in number,
will vote solidly for repeal, while of
Pennsylvania's thirty only two are free
silver men.

The free silver men were disagree-
ably surprised Thursday by the atti-
tude of Representative Charles F. Phil-
lips, who, instead of making a free sil-
ver speech, as had been expected, came
out boldly in favor of the Wilson repeal
bill. Their disappointment was in-
creased when they learned that Mr.
Cooper's colleague, Mr. Malley, will
also support the repeal bill.

Both these gentlemen represent agri-
cultural districts, and their conversion
from free silver to their present atti-
tude is one of the results of the cam-
paign made by the business men in
the large cities of the south who have
notified their country customers that
they can no longer extend credits as
heretofore unless the purchase clause
in the Sherman act is repealed.

SALVATION OF SEALING.

Prof. Elliott, the Expert, Makes an Inter-
esting Statement.

CLEVELAND, O., Aug. 18.—In an in-
terview published here Thursday morn-
ing, Prof. Henry W. Elliott, the Smith-
sonian institution seal expert, who re-
sides here, says that after his August 1,
he would then have two months or
more of good weather, and the seals
fled in great numbers beyond the sixty-
mile radius. The probability of relief
seems almost to little, as spears and
lanes driven by compressed air are
very effective and do not frighten the
birds. The close season ought to be
from May 1 to October 10. The sal-
vation of these rookeries lies in the en-
tire prohibition of sealing for three
years, which the arbitrator suggest.

A BIG FAILURE.

The Standard Wagon Co., of Cincinnati,

Failed in its attempt to raise \$1,000,000

CINCINNATI, Aug. 18.—Thursday

morning in the probate court the largest

carriage manufacturing concern in the

United States—the Standard Wagon

Co., of 1000 West Eighth street—

filed a deed of assignment in trust for

creditors to Grant H. Burroughs.

The embarrassment is only tempo-
rary, however, and on all sides is ex-
pressed the opinion that in a few days
the assignment will be rescinded with an
extension of time having been obtained
from creditors, business will be re-
sumed.

On the assets, it is said, will reach
about \$1,200,000, and the liabilities will

THE RUSH IS ON.

Going to the Columbian Exposition in Drovers.

The Financial Outlook of the Fair Was Never Brighter Than Now.

There is a marked increase in the earnings since the reduction in the running expenses—There is a scarcity of gate keepers.

WORLD'S FAIR GROUND, CHICAGO, Aug. 18.—The financial outlook at the World's Fair was never brighter than it is now. Since the recent radical reduction in the running expenses there has been a marked increase in the earnings and the average attendance is growing larger day by day. Not since President Cleveland touched the electric button that opened the White City to the world has there been such an influx of visitors from a distance as there has been during the last two or three days. Fifteen special World's Fair trains brought 11,600 visitors to the city, Wednesday night. They were all from eastern points and came because of the low rates offered by eastern lines. Every train carried its full limit of cars and each car was comfortably filled.

The first train came over the Erie. It was made up of ten coaches and contained 760 people. In less than two more specials over the same line brought in 1,430 people. Other roads bringing in special trains were the Pennsylvania system, four trains, and 8,300 passengers; the Grand Trunk, two trains, and 1,410 passengers; the Nickel Plate, two trains, and 1,000 passengers; the Washburn train, and 1,000 passengers; Michigan Central, two trains, and 1,300 passengers. While the gate receipts are increasing the World's Fair officials say that the average amount of money spent by each visitor is 20 per cent less than it was during the first three months of the fair. They account for it in two ways. First, they say it is due to the scarcity of money and the hard times. Then there is a change in the character of the people who are now coming. At the opening of the fair the visitors were largely from the large cities, and now those from the rural districts are beginning to arrive.

Never before has there been such a rush for admission at the gates as Thursday. The express car arriving after 7:30 was jammed with fair passengers and all along the line transferred passengers were waiting for foot room in our platform. One by one, another car by them having neither seats nor standing room. The premature economy of the department of admission was made apparent. Fairgoers have been discharged in bunches for a week or more and the force is not half adequate at present to accommodate the crowds that impatiently waited to be admitted. At the sixty-fourth street gate three gatekeepers were employed, one holding the line, having only one gate in use. The people were forced to wait their turn in single file, and during the forenoon they were employed, one holding the line at each entrance all the time. At other gates it was the same. The elevated road and the Illinois Central and other lines to the fair all did an unusually large business.

Delaware and West Virginia will have a joint day festival, held August 23. The governors of both States will preside, and addresses will be made by senators and congressmen of the two States. In the evening at 8 o'clock there will be a reunion at the respective State buildings. Austria will have a day Friday. The birthday of Emperor Francis Joseph will be celebrated in a fitting manner. Informal exercises will take place in the Austrian section of the manufacturers' building at 11:30 p. m. and at 9 o'clock a formal programme of music and speeches will be given in festival hall.

TRAIN HELD UP.
The Robbers Believed to Have Made a Big haul.
ST. LOUIS, Aug. 18.—The Atlantic express of the St. Louis & San Francisco train No. 4, due to arrive here at 6:30 a. m., was held up at 10:10 Thursday morning at St. James, 100 miles southwest of here, by two men and the express car robbed. The express service on this line is in the hands of the Wells, Fargo Co., and as most of the express is carried through business and of an important character, the haul is believed to be a large one.

E. D. Ferguson, the messenger in charge of the car, is unable to give any estimate of the amount secured. How much the robbers got is not known, as the express company's employees refuse to talk.
Price of Sealings Advanced.
VICTORIA, B. C., Aug. 18.—L. P. Ribbet & Co., limited, have advanced the price of sealings 85 cents as a result of the finding of the hearing sea board of arbitration. This action falls in line with the advance in sealings made in the United States, as indicating what all here feel—the death of the sealing industry for all save the commercial company.

Devastating Floods in Upper Hungary.
PEST, Aug. 18.—The latest telegrams received from Upper Hungary contain heart-rending accounts of the destruction caused by the floods in these regions. Whole villages are under water and hundreds of lives have been lost. The damage to cattle and crops is very great.

The Mechanic's Trouble.
SELMA, Ala., Aug. 18.—Capt. Phillips, of the Dallas dragons, received orders from Gov. Jones to hold his command in readiness to march to the scene of trouble in Clark county at a moment's notice. More trouble is feared from the Mechanicisms, and state troops may be necessary to end it.

The Plague in Galicia.
VIENNA, Aug. 18.—The cholera is rapidly spreading in Galicia. The total number of deaths there is 29. The authorities have been ordered to take measures to be taken to prevent the disease from spreading.

HE COMMITTED SUICIDE!
The Cause and its Lesson.
Why did he commit suicide? Oh! for the same reason that thousands of others are on the verge of the same sin, or in the midst of it. He was a nervous, delicate, or sensitive man, and he was equally unfortunate result of any nervous affection. He knew he was afflicted with a nervous disorder, but he was careless, apparently indifferent to the outcome; or he may have lessened his chances for recovery by treating with physicians who had little or no knowledge of such affections, or by delegating himself with worthless so-called remedies. His case was a sad one, but no worse than that of any other nervous sufferer, who has nervous or sick headache, biliousness, dizziness, irritability, nervousness, falling memory, hot flashes, fainting, sleeplessness, nervous dyspepsia, sexual debility, epilepsy, etc. The same or similar consequences are likely to result to any one who has any of these adverse symptoms of an awful end. Do not hesitate in getting rid of them by intelligent treatment. Dr. Franklin Miles, the celebrated specialist, has studied nervous diseases over 20 years, and has discovered the only reliable remedy for them. Thousands of voluntary testimonials prove the virtues of Dr. Miles' Restorative Nervine.

Alfred Baker of Clinton, N. Y., writes: "I was afflicted with nervousness, and I was on the verge of insanity. My hands trembled, and I could not do any work.
